Eric,

During our call this afternoon, we agreed that DEQ would provide alternative language for some text in the 2nd to the last paragraph of the 3rd page of EPA's draft letter to LSSI. We suggest you drop this sentence: *"EPA requests that SLLI submit the Upland RI and SCE to DQE (lead agency) and EPA (support agency) during the first quarter of 2009."* ..., & replace it with *"EPA also believes that it is crucial for SLLI to complete the SCE and RI as soon as possible. Both these documents are critical for completing upland source control efforts, and if completed in a timely manner, aid in determining the data gaps and scope of work for the in-river work."*

Jim Anderson

Manager, DEQ Portland Harbor Section
